

Since the relaxation of the restrictions on 17th May 2021 we can now welcome you back into the office and accompany you on viewings. We request that the following guidance is adhered to:

- If you want to view a property in person we will need you to register with us and then we'll get you booked in.**
- We will ask everyone attending to confirm that no one in their households is isolating, has any coronavirus symptoms or is classed as vulnerable and has been asked to shield. If you're not sure at any point about the safety guidance then check out the NHS 111 site for more details.**
- We will make sure door handles have been sanitised.**
